Gentlemen:

Attached you will find the annual report of your Town Forest Fire Warden for the year ending December 31, 1955. It is my suggestion that this report would better serve the Forest Fire Prevention Program if it was put on the outside cover of your town report. By doing this, it would catch the eye of a great many more people and could be cut off for future use. The Town Warden and I want to thank you all for your kind cooperation during the past year.

I remain,

Yours,

ROBERT B. SMITH,
District Chief.

DANGER FROM FIRES IN WOODLANDS

WOODLAND LITTER, WHEN DRY, IS HIGHLY INFLAMMABLE AND FIRES CAN QUICKLY GET OUT OF CONTROL. WE REQUEST YOUR COOPERATION TO CONTROL ALL FIRES SO THAT LIVES AND PROPERTY MAY NOT BE ENDANGERED OR DESTROYED, AND FORESTS BE KEPT GREEN TO FURNISH THE NATURAL BEAUTY WE ALL ENJOY AND TO GROW TIMBER WE WILL NEED.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, wood, weeds, grass or other growth as to be likely to be burned over."

WHEN IN THE WOODS, YOU ARE EXPECTED TO EXERCISE CAUTION IN THE USE OF FIRE AND TO REMEMBER THAT

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.00.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.00.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200.00, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

BE SURE — GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permit.

(B) REPORT FROM YOUR SUPERINTENDENT

ENROLLMENT PROBLEMS

Though Tuftonboro is not having the drastic changes in pupil population that predominate in the United States, there is apparently going to be a gradual increase. We now enroll 100 pupils in the Central School. In September, 1958, we can reasonably anticipate a total of 120 pupils.

If we are to maintain classrooms of approximately twenty-five pupils, which are the desirable maximum for double grades, we shall need another room by September, 1958. We may expect about forty tuition pupils to attend Brewster Academy annually.

ADDITIONAL BUILDING FACILITIES

Your school board and superintendent have done some serious thinking about the best way to provide space for the additional enrollment. We do not wish to curtail our present program or crowd our present classrooms. We think that the majority of people in Tuftonboro will wish to continue the fine opportunities now offered.

A very practical suggestion has been discussed thoroughly at school board meetings and with other town officers. Excavation under the present primary room will provide space for the shop program. The portion of the basement now used for the shop can be converted to a classroom. Part of the project can be completed during the school year 1956-57. The remainder can be done in the following school year. At the beginning of the third year, money can be provided for the additional teacher. The classroom will be ready. No borrowing or interest will be necessary. The expenditures would have the minimum effect on the school budget.

Probably the ideal situation would be to build a two-room addition. This is the more costly solution. At cur-

rent prices, \$40,000.00 might be required. Operating costs would be higher, as the present heating plant probably would not have sufficient capacity.

If a capital reserve account were established, an annual appropriation could be deposited therein until the community is ready to build or excavate. The remaining costs could be spread over the following years by borrowing money, as the people would decide.

I recommend some definite action this year on a plan for providing the additional facilities.

SCHOOL MEETING

The decision for determining the time of the annual school district meeting is generally one that the school board makes. However, in view of the public will to meet separately from the town meeting, the warrant will call for an evening meeting. I hope that it will be well attended so that all school problems can be thoroughly discussed and that the people of Tuftonboro will be informed about their school affairs.

CARE OF BUILDINGS

The school auditorium is now greatly improved for educational use. Mr. Johnson installed a fine heating system at a very reasonable cost. Brewster Trust Funds were used to install baskets, recess ceiling lights, provide window grilles and protective mats. The children now have the advantages of a limited physical education program. The hall can be used for assemblies, movies, recess playtime and music rehearsals, even during the coldest weather.

Mr. Fred Bain is employed as our new custodian and is doing a splendid job of keeping the building clean, sanitary, warm and in good repair.

The hallway, auditorium and some rooms were painted last summer. There are leaks in the basement walls that may need considerable attention soon. The budget

includes a small amount to keep our buildings and equipment in good condition.

INSTRUCTION

The teachers are to be congratulated on their efforts for professional improvement. Nearly all members of the staff of 1954-55 completed a three-credit course in physical education methods. Our principal completed a course contributing toward the Master's degree.

Mrs. March and Miss Kimball resigned in June, 1955. Mrs. Whitehead has returned to our faculty to teach grades one and two. Mrs. Mitchell, another experienced teacher, agreed to teach again. She completed a valuable course at Laconia last summer. When school was postponed in September, because of the polio epidemic, our teachers joined the Carpenter School faculty in their workshop on Language Arts. During the current year, Mr. Elsemore has completed a three-credit course in Principles of Guidance. Mrs. Mitchell and Mrs. Whitehead have just finished a course in Art Education. Your teachers, already highly skilled in educational techniques and conscientious about their duties, are endeavoring to be even better prepared.

Mr. Elsemore is giving particularly fine leadership and has given freely of his time to community affairs beyond school requirements.

Since two or three pupils have dropped out of Brewster Academy, we have been able to employ Mrs. March on a part-time basis. She is giving special help to pupils who need more individual attention. I am grateful that these pupils can have this special assistance with their learning problems and that we have such an understanding and capable person available to provide it.

In spite of the annual increment, we are employing experienced teachers at less than state average. A reasonable increase in salary is certainly justified, and

words of commendation from parents give stimulus for continued effort.

The Brewster Academy is increasing its tuition charge for the first time in three years. Because of increased expenses and an enlarged program, the cost for each pupil will be raised from \$275.00 to \$295.00, beginning September, 1956.

I believe your boys and girls have superior educational opportunities on both the elementary and secondary levels.

HEALTH SERVICES

Most of us are aware of the broad services offered our youth. Mrs. Nancy Bean, as district and school nurse, is competently handling the routine problems of school health. Dr. Gregory continues the thorough annual examinations. Dr. Kipp arranges to give dental service, to which the parents, school district and Red Cross contribute. Your children have shared in the free polio vaccinations and many of them had the free Gamma Globulin shots last summer. Clinics are held at the Huggins Hospital to meet other needs of school and pre-school children. Whenever a need has become apparent, the people here, through their organizations and generous time and money contributions rise to meet that need.

* * * * *

Our educational system costs a lot. It costs more than average. We cannot always measure the immediate results of expenditures to improve human welfare. We can have the comfortable assurance that we are doing all those good things we presently know how to do for our youth. I trust that these experiences will help them to face the problems of a complicated democratic society, a spiralling economy, a cold or hot war, with understanding and a high degree of competence.
